Source: Crime data for 2015 is preliminary. Crime data from 1976-2014 are collected from the State Bureau of Investigation and the official data for GPD. Violent crimes reflect the number of victims per 100,00 persons for the City of Greensboro for the given year. Population figures are from the City of Greensboro Planning Department, with the exception of years 1985-2013 which are estimates from the SBI.
