Greetings from the Coach,

Let's get out there and beat the "summer slide" (when children's reading levels can fall) with Summer Reading fun! The Greensboro Public Library is offering an amazing array of summer programs for all ages. It's the library's way of providing summer learning through fun filled educational programs. Please join us in thanking our sponsors listed below for the many prizes and giveaways that have been donated to make this program really special. On your mark, get set, read!
