General Information

" Most questions will be sent to you pasted up three or four per page, some will come pre-cut.

" Super Saturday questions will contain current event questions from that year. No final round questions have current events. We have kept the blank current events question templates in order with the other questions so that you can add your own. Current event cards are counted in with the total number of questions per set.

" Question sets have not been edited from their original printing. Therefore, they do not contain corrected or additional answers discovered through challenges or clarifications made by judges.
