

**City of Greensboro Economic Stimulus Priorities
APPLICATION IN PROGRESS**

Criteria for placement of program on this list is that the Federal Program criteria has been released and applications are being prepared or were submitted.

<u>Federal Program</u>	<u>City Program</u>	<u>Amount</u>	<u>Process to Determine Use of Funds</u>	<u>Next Steps</u>	<u>Notes</u>
<p>Clean Water State Revolving Fund (CWSRF): The CWSRF assists in the funding of wastewater treatment facilities and projects associated with estuary and nonpoint source programs. Eligible uses for the funds include construction of publicly-owned wastewater treatment facilities, local sewers, sewer interceptors, water recycling facilities, and expanded use projects such as implementation of nonpoint source (NPS) projects or programs and stormwater treatment.</p>	Incinerator - upgrade and install redundant system	\$27,400,000	Council Direction	Council consideration of application April 7. Award Notification expected April 17. Project must be under contract by June 17. Expected announcements not made on April 17 - dept reports will make announcements ASAP. The City did not receive funding for this project.	65% of funds awarded in the first round. DENR will award one-half of funds in the form of principal forgiveness, and the other one-half of funds in the form of a loan at 0% interest rate. There is a cap of \$3 million for each project award
	Total	\$27,400,000			
<p>Diesel Emission Reduction Act Grants: The National Diesel Emissions Reduction Program will receive funding under this legislation to supplement the existing funding. This funding will support clean diesel grant and loan programs administered by states. Projects may include the implementation of verified and/or certified retrofit technologies and EPA-verified idle reduction technologies.</p>	diesel oxidation catalysts	\$12,000	Council Direction	Application being coordinated by PTCOG. Applications for the National Clean Diesel Assistance Program will be accepted until April 28, 2009. Applications for the State Clean Diesel Program will be accepted until April 30, 2009. The PTCOG received notice that this application was denied funding. □	eight (8) vehicles eligible
	Total	\$12,000			
<p>Community Oriented Policing Services (COPS): Grants used to hire and train community policing professionals, acquire and deploy cutting-edge crime-fighting technologies, and develop and test innovative policing strategies. COPS Office funding provides training and technical assistance to advance community policing at all levels of law enforcement, from line officers to law enforcement executives, as well as others in the criminal justice field. Funds cover the actual cost of an officer for three (3) years.</p>	Hiring Recovery Program Grant	\$3,908,563	Council reviewed the application April 7.	Application due to DOJ April 14 -- application submitted. Received notice from U.S. Dept of Justice on July 28th that the City was not awarded funding in the first round. The application has not been denied but still filed under pending as the program receives its FY 2010 appropriations.	Hiring 30 entry level police officers. The COPS grant program was able to fund only 14% of the submitted projects.
	Total	\$3,908,563			
<p>Internet Crimes Against Children: ICAC Training and Technical Assistance Grants Program is to provide training to ICAC task forces and other Federal, state, and local law enforcement agencies in the areas of investigations, forensics, prosecution, community outreach, and capacity-building related to Internet crimes against children and technology facilitated child sexual exploitation using recognized experts to assist in the development and delivery of training programs.</p>	We will target training areas of Forensic Analyses for Computers and Other Devices and Specialized Techniques for Investigating Child Sexual Exploitation Offenses (e.g. cell phone technology or file encryption) in our proposal. The official request encompasses replacing outdated equipment, acquiring cellular telephones to initiate investigations that require undercover texting capabilities, and training to improve not only in the investigation of computer crimes against children, but the computer forensics associated with the investigations.	\$70,000		Application submitted to DOJ May 14. Awards will be announced by Sept 30, 2009.	No match is required.
	Total	\$70,000

<u>Federal Program</u>	<u>City Program</u>	<u>Amount</u>	<u>Process to Determine Use of Funds</u>	<u>Next Steps</u>	<u>Notes</u>
Alternative Fueled Vehicles Pilot Grant Programs: The U.S. Department of Energy (DOE) will receive funding from the federal stimulus legislation to provide funding for alternative energy vehicle projects. The funds will be handled through DOE's existing Clean Cities program. Clean Cities began in 1994 and is a coalition of government agencies and private companies with an interest in developing and implementing alternative fuel technologies. Clean Cities coalition members help applicants to win funding for alternative fuel projects.	Purchase of ten (10) Toyota Prius Vehicles (\$22,365.66 unit cost) and two (2) refuse trucks	\$803,700		Application being coordinated by Triangle J COG as a Clean Cities Coalition member. Applications were due May 27, 2009 and have been submitted. Triangle J COG has been awarded \$13 million for submitted projects. Awaiting notification from COG on Greensboro's allocation of funds.	Pilot effort to reduce vehicle emissions among the city fleet vehicles.
	Total	\$803,700			
Byrne / JAG Grants: Competitive grants to units of State, local, and tribal government, and to national, regional, and local non-profit organizations to prevent crime, improve the administration of justice, provide services to victims of crime, support critical nurturing and mentoring of at-risk children and youth, and for other similar activities.	The GPD application will request fourteen non-sworn support staff. The requested positions will assist the department in addressing personnel gaps identified in the Management and Staffing Study of the GPD completed in 2008. The three major goals of the project are to 1. Create new jobs, 2. Promote economic recovery and 3. Create jobs to increase criminal justice capability to reduce violent crime.	\$1,970,843		Application deadline was 4/27/09. The application was submitted. Awards will be announced by Sept 30, 2009.	No matching funds are required.
	Total	\$1,970,843			
NLI Paul Coverdell Forensic Science Improvement Grant: Award funding to help states and units of local government improve the quality and timelines of forensic science and medical examiner services. Among other things, funds may be used to eliminate a backlog in the analysis of forensic evidence and to train and employ forensic laboratory personnel, as needed, to eliminate such a backlog.	The GPD application will request to (1) employ an additional Latent Print Examiner, (2) reduce the current backlog of cases awaiting scientific fingerprint analysis in the Latent Print Section, (3) improve the timeliness of fingerprint analysis and suspect identifications, (4) upgrade technology by purchasing a forensic imaging database and (5) decrease the backlog and processing time for cases involving digital assets and provide investigators with secure access to digital images for the Forensic Services Division.	\$122,220		Deadline for application was 5/29/09. Application was submitted on 5/27/09. Received notice on 9/17 that the City was awarded \$125,000.	For FY 2009, the maximum amount a State or local unit of government may receive in competitive funds is \$125,000. Amount requested \$122,220. No matching funds are required.
	Total	\$122,220			
Pathways Out of Poverty Grant: Department of Labor program to provide training and placement services for employment within green industries.	Workforce Investment Act Office will develop this new program in partnership with local educational and training providers and businesses to serve individuals who are unemployed, high school dropouts, have a criminal record or are disadvantaged within areas of high poverty. Training will prepare individuals for careers in seven energy efficiency and renewable energy industries.	\$4000,000*	Workforce Investment Act Board will review and approve application.	Application due September 29, 2009	*Final amount of application to be determined.
	Total	\$4000,000*
