NOTE: Feasibility studies provide information relating to the location of water and sewer to a site, which service available area the site is located in and whether it is feasible to serve the site by further extending the water and/or sewer lines. **To have an approved water/sewer project, it must receive both County Commissioner and City Council approval.**

The provision of water and sewer outside the corporate limits of the City shall be in accordance with Section 16 of the Revised Water and Sewer Agreement that became effective July 1, 2007.
