

## *Citizen Committee for High Point Road/West Lee Street Corridor Plan*

To help guide City staff and our project consultants in developing the High Point Road/West Lee Street Corridor Plan, a citizen committee was formed. This committee represents a broad range of interests related to the corridor and plays a key role in establishing priorities for developing this Plan. While the committee provides a primary source of public input and guidance for this process, numerous other opportunities have been and will continue to be provided to engage the entire community in developing this Plan.

Citizen committee members, and their corridor related interests, are:
