

## **“Sane And Graphic”**

**Editor of the Daily News:**

In the February 11 edition of the Raleigh News and Observer there appeared under the “Spirit of the Press” an editorial taken from your paper, titled “What Fools We Mortals Be.”

As a Raleigh citizen concerned greatly about the aspects of the sit-down protests, I am writing to thank and commend you and your fine newspaper for this editorial. It is certainly a sane and graphic evaluation of the whole business. As the tenseness and problems of this situation continue and spread, I am confident that you and your fine paper will continue the policies of truth, fairness and forthrightness.
