

Manager Denies Negroes Served

R. A. Lockhart, manager of Krispy Kreme Doughnut Co. on South Greene Street, said today that report that the firm served several young Negro girls on a sitdown basis yesterday was erroneous.

He said that the first Monday of each month a group from Sedalia High School passes through the city and stops off to get coffee and doughnuts to take out. He said yesterday's incident was in no way different from previous months.

Picketing by Negro students from local colleges continued briefly yesterday at Meyer's, Woolworth and Kress stores.
