ZONING SIGN REVIEW APPLICATION

Sign Permit # _____

Permit Issued On _____

***Application for Electrical and/or Building Permits is responsibility of Installer.**

At what address will sign be installed?		What is the site's zoning?	Is there a Common or Master Sign Plan?
What is the name of the business for which the sign is requested?			
Contact person:	Phone # (include area code)	Email address	
Who is the applicant?			
Who is the business owner?			
Who will build and install the sign?			
Who will do any electrical work for the installation?			

Hard copies of this sign permit (and any associated attachments) can be provided upon request

Please note this application is only for zoning review of a proposed sign, and constitutes the first step in getting a sign permit. This permit does not grant permission to construct or install a sign until an electrical permit and/or a building permit are issued, if required. Applicant will be notified when Zoning-only review is complete and application for building and/or electrical permit(s) can be accepted.

To be accepted, this form must be accompanied by a fully dimensioned plot plan, drawings of the proposed sign(s), and (if a wall sign is proposed) wall elevation(s), along with review fee (\$120 per sign, as of July 1, 2018).

- Site plan should provide all distances/dimensions for existing and proposed sign locations, buildings, easements, street rights of way, driveways, and sight triangle(s).
- Elevation should show length and height of the overall wall on which sign is to be located, and, for a multi-tenant building, that portion of the building leased by the business for which the sign is proposed.
