

Z-15-06-003

City of Greensboro Planning Department  
Zoning Staff Report and Plan Amendment Evaluation

Zoning Commission Hearing Date: June 8, 2015

**GENERAL INFORMATION**

**APPLICANT** Antonio Segundo and Roberto Larios  
**HEARING TYPE** Original Zoning Request  
**REQUEST** **County RS-30** (Residential Single-Family) to **City-R-3** (Residential Single Family)  
**CONDITIONS** N/A  
**LOCATION** **400, 402, & 404 East Vandalia Road**  
**PARCEL ID NUMBER(S)** **7862859683; 7862950626; 7862951522**  
**PUBLIC NOTIFICATION** The notification area for this public hearing was 600 feet (Chapter 30-4-1.4 of the Land Development Ordinance requires notification of the owner of that parcel of land and the owners of all parcels of land adjoining and contiguous to that parcel of land as shown on the County tax listing). **81** notices were mailed to those property owners in the mailing area.  
**TRACT SIZE** ~2.27 Acres  
**TOPOGRAPHY** Primarily flat  
**VEGETATION** Residential

**SITE DATA**

<b>Existing Use</b>		Single family dwellings
	<b>Adjacent Zoning</b>	<b>Adjacent Land Uses</b>
N	County RS-30 (Residential Single Family)	Elementary school and single family dwellings
E	County RS-30 (Residential Single Family)	Single family dwellings
W	County RS-30 (Residential Single-Family)	Single family dwellings
S	County RS-30 (Residential Single Family)	Single family dwellings

**Zoning History**

Case #	Date	Request Summary
N/A	N/A	The subject property is not currently located in the City’s planning jurisdiction.

**ZONING DISTRICT STANDARDS**

**District Summary \***

Zoning District Designation:	Existing (County RS-30)	Requested (City R-3)
Max. Density:	A maximum of 1.0 unit per acre.	A maximum of 3.0 units per acre.
Typical Uses	Primarily intended to accommodate low density single-family detached dwellings on large lots in areas without access to public water and wastewater services.	Primarily intended to accommodate low density single-family detached residential development.

*\*These regulations may not reflect all requirements for all situations; see the City of Greensboro Development Ordinance for all applicable regulations for site requirements for this zoning district.*

**SPECIAL INFORMATION**

**Overlay District Ordinance/Historic Preservation**

n/a

**Environmental/Soils**

Water Supply Watershed Site drains to South Buffalo Creek

Floodplains N/A

Streams Pond offsite has not been identified, if perennial or intermittent a stream buffer will likely encroach on the property. Stream buffer rules will apply to the buffer.

Other: Site must meet watershed requirements, Water Quality and water quantity must be addressed. If site disturbance is greater than one acre or the development is a common plan of development a Watersupply watershed device (pond or similar) is required to treat all the built upon area.

**Utilities**

Potable Water Available

Waste Water Available

**Airport Noise Cone**

n/a

## Landscaping & Tree Preservation Requirements

Not applicable for single family dwellings

## Transportation

Street Classification:	East Vandalia Road – Major Thoroughfare. Bethany Trace – Local Street.
Site Access:	All access(s) must be designed and constructed to the City of Greensboro standards.
Traffic Counts:	East Vandalia Road ADT = 5,813 (GDOT, 2014).
Trip Generation:	N/A.
Sidewalks:	Sidewalks are a requirement of the Development Ordinance. 5' sidewalk with a 5' grass strip is required along both sides of thoroughfares. 5' sidewalk with a 3' grass strip is required along one side (at a minimum, collectors may require sidewalk on both sides) of all other street types. Sidewalk does not exist along the frontage of this property.
Transit in Vicinity:	No.
Traffic Impact Study: (TIS)	No TIS required per TIS Ordinance.
Street Connectivity:	N/A.
Other:	Site is within the limits of the East Vandalia Road widening project scheduled to begin construction fall of 2018.

## IMPACT ANALYSIS

### Land Use Compatibility

The proposed **R-3 (Residential Single Family)** zoning would allow land uses that are compatible with the general character of the area.

### Connections 2025 Comprehensive Plan Policies

The Generalized Future Land Use Map designates this location as **Low Residential (3-5 d.u./acre)**. The requested **R-3 (Residential Single Family)** zoning district is generally consistent with the **Low Residential (3-5 d.u./acre)** GFLUM designation. The Growth Strategy Map designates the subject site as being within **Growth Tier 1, Current Growth Area (2013 – 2019)**.

### Connections 2025 Written Policies

**Goal 4.3 – Growth at the Fringe:** Provide a development framework for the fringe that guides sound, sustainable patterns of land use, limits sprawl, protects rural character, evidences sound stewardship of the environment, and provides for efficient provision of public services and facilities as the City expands. Development will increase density and mix land uses at a pedestrian scale with sidewalks, bikeways, and where possible, public transit.

**Policy 4F:** Initiate a fringe area growth management framework comprising the following elements [see also Community Facilities, Services and Infrastructure Policy 9A.1]:

- Create a Fringe Area Land Use Plan in coordination with Guilford County;
- Establish a “tiered” approach that designates growth areas for staged development, annexation, and extension of public facilities within the water and sewer service boundary;
- Define specific criteria for water and sewer extensions and annexations;
- Initiate designation of the fringe as Greensboro's extraterritorial jurisdiction; and
- Establish a proactive plan to provide infrastructure (water, sewer, and roads) in advance of development, consistent with the growth “tiers” and Fringe Area Land Use Concept Plan.

**Policy 4G:** Improve the quality and patterns of development through incentives and regulatory guidelines.

**Community Character, Goal 5.2 – Man-Made Environment:** Preserve and enhance the character and visual quality of Greensboro’s built environment, including historic resources, private developments, and public landscapes.

**Policy 5E:** Improve the aesthetic quality of publicly owned and maintained landscapes.

**Policy 5F:** Implement and improve design standards governing the appearance of development from public roadways.

**Housing and Neighborhoods, Goal 6:** Meet the needs of present and future Greensboro citizens for a choice of decent, affordable housing in stable, livable neighborhoods that offer security, quality of life, and the necessary array of services and facilities.

**Policy 6C:** Promote the diversification of new housing stock to meet the needs of all citizens for suitable, affordable housing.

**Transportation, Goal 8:** Develop and maintain a safe, efficient, and environmentally sound transportation system that provides convenient choices for accessing destinations throughout Greensboro and the Triad, including a range of well-integrated transit, pedestrian, and bicycle linkages.

**Policy 8A:** Maintain a roadway network that safely and efficiently accommodates vehicular traffic while supporting other community objectives defined in the Comprehensive Plan.

**Community Facilities, Services, and Infrastructure, Goal 9:** Provide community facilities, services, and infrastructure in a cost-effective manner to meet citizens’ needs, contribute to quality of life, and support desired land use patterns.

**Policy 9A:** Proactively target infrastructure (water/sewer) extensions to support desired land use patterns.

### **Connections 2025 Map Policies**

**Low Residential (3-5 d.u./acre):** This category includes the City's predominantly single-family neighborhoods as well as other compatible housing types that can be accommodated within this density range. Although there are some existing residential areas in the City developed on lots greater than 1/3 acre, future residential developments and "conventional" subdivisions should generally maintain a gross density of no less than three dwellings per acre, except where environmental constraints (e.g., the Watershed Critical Area) prevent such densities from being achieved. Compact developments that include clustered, small lots with substantial retained open space are encouraged.

**Growth Tier 1, Current Growth Area (2013 – 2019):** Where infrastructure systems are in place, can be economically provided and/or will be proactively extended and where

continued annexation and consolidation of the City's development pattern shall be encouraged over the next six years.

## **CONFORMITY WITH OTHER PLANS**

### **City Plans**

#### ***Consolidated Plan 2010-2014: Plan for a Resilient Community***

##### **Principle 1 – Provide More Transportation Options:**

**Goal A:** Promote transportation and development patterns and types that contribute to decreased household transportation costs.

**Goal B:** Improve access to destinations, especially via alternate modes (public transit, walking, and bicycling); including the critical first and last miles of journeys.

**Goal C:** Improve the safety of transportation systems and facilities, especially for vulnerable transportation users (children, seniors, handicapped adults, pedestrians, bicyclists).

##### **Principle 6 – Value Communities and Neighborhoods:**

**Goal A:** Promote coordinated transportation and land use decisions for broader livability throughout Greensboro.

**Goal E:** Work at the neighborhood level to reconnect neighborhoods to jobs and services, promote "Desirable Infill Development" and redevelop major corridors to strengthen adjacent neighborhoods.

##### **Principle 7 – Recognize the Environment as a Critical Element of Community**

###### **Sustainability:**

**Goal A:** Promote more efficient land development patterns.

### ***Sustainability Action Plan***

#### **Element 1) Transportation and Land Use:**

**Policy 1)** Encourage increased density, a mix of land uses and more integrated links between transportation and land use through changes to Greensboro's Comprehensive Plan, Development Ordinance and other related plans.

#### **Element 2) Green Jobs and Buildings:**

**Policy 3)** Develop a coordinated City program to provide technical support, energy audits and education and outreach to increase energy efficiency and conservation in commercial and residential buildings.

**Policy 4)** Use a combination of code changes, incentives, partnerships and education to promote green building in Greensboro.

**Policy 6)** Promote more efficient use of water through education, partnerships and pilot projects.

#### **Element 3) Waste Reduction and Recycling:**

**Policy 7)** Employ a combination of expanded recycling infrastructure, regulations and incentives to increase Greensboro's solid waste diversion and recycling rates.

#### **Element 6) Education and Outreach:**

**Policy 11)** Provide technical support, awards and recognition to individuals and organizations furthering Greensboro's energy and sustainability efforts.

### **Other Plans**

n/a

## **STAFF ANALYSIS AND RECOMMENDATION**

### **Community Outreach**

Applicant is strongly encouraged to discuss this proposed annexation and original zoning with owners of surrounding properties.

### **Staff Analysis**

This 2.27-acre subject site is currently developed with single family dwellings and a portion of the right-of-way for East Vandalia Road. North of the subject property is an elementary school zoned County RS-30. East, west and south of the subject property are single family residential dwellings also zoned County RS-30.

This original zoning request is accompanied by a voluntary annexation petition. The R-3 district is the least intense residential zoning district within the City of Greensboro and is the closest comparable zoning district to the current County RS-30 districts that adjoins this site.

The Generalized Future Land Use Map designates this site as Low Residential. This designation includes the City's predominantly single-family neighborhoods as well as other compatible housing types that can be accommodated within the density range of 3 to 5 dwelling units per gross acre.

This R-3 original zoning request is consistent with the land uses established in close proximity and the list of potential uses allowed in the R-3 zoning district is compatible with existing adjacent development. Approving this request will address the Comprehensive Plan's Housing and Neighborhoods goal to meet the needs of present and future Greensboro for a choice of decent, affordable housing in stable, livable neighborhoods that offer security, quality of life, and the necessary array of services and facilities. It also provides a development framework for the fringe that guides sound, sustainable patterns of land use, limits sprawl, protects rural character, evidences sound stewardship of the environment, and provides for the efficient provision of public services and facilities as the City expands.

This request is consistent with the intent and purpose of the zoning code, the Comprehensive Plan (Connections 2025) and is generally compatible with the existing and anticipated development trends in the surrounding area.

### **Staff Recommendation**

Staff recommends **approval** of the requested **City-R-3** (Residential Single-Family) zoning district.
