

Z-15-09-001

City of Greensboro Planning Department Zoning Staff Report and Plan Amendment Evaluation

Zoning Commission Hearing Date: September 21, 2015

GENERAL INFORMATION

APPLICANT	Clemente McWilliams
HEARING TYPE	Original Zoning Request
REQUEST	County-RS-20 (Residential Single-Family) to City-R-3 (Residential Single-Family)
CONDITIONS	N/A
LOCATION	4706 Sharon Donna Drive
PARCEL ID NUMBER(S)	7893353696
PUBLIC NOTIFICATION	The notification area for this public hearing was 600 feet (Chapter 30-4-1.4 of the Land Development Ordinance requires notification of the owner of that parcel of land and the owners of all parcels of land adjoining and contiguous to that parcel of land as shown on the County tax listing). 35 notices were mailed to those property owners in the mailing area.
TRACT SIZE	~0.527 Acres
TOPOGRAPHY	Primarily flat
VEGETATION	Residential

SITE DATA

Existing Use	Single family dwelling
Adjacent Zoning	Adjacent Land Uses
N County-RS-20 (Residential Single-Family)	Single family dwellings
E County-RS-20 (Residential Single-Family)	Single family dwellings
W County-RS-20 (Residential Single-Family)	Single family dwellings
S County-AG (Agricultural)	Undeveloped

Zoning History

Case #	Date	Request Summary
N/A	N/A	The subject property is not currently located in the City's planning jurisdiction.

ZONING DISTRICT STANDARDS

Zoning District Designation:	Existing (County-RS-20)	Requested (City-R-3)
Max. Density:	1.9 units per acre or less	3.0 units per acre or less
Typical Uses	Primarily intended to accommodate low to moderate density single-family detached dwellings in suburban areas.	Primarily intended to accommodate low density single-family detached residential development.

District Summary *

**These regulations may not reflect all requirements for all situations; see the City of Greensboro Development Ordinance for all applicable regulations for site requirements for this zoning district.*

SPECIAL INFORMATION

Overlay District Ordinance/Historic Preservation

n/a

Environmental/Soils -

Water Supply Watershed Site drains to Lake MacIntosh WSIV watersupply watershed, Little Alamance Creek Watershed

Floodplains N/A

Streams N/A

Other: Site must meet current watershed requirements, water quality and water quantity must be addressed

Utilities

Potable Water Available

Waste Water Available

Airport Noise Cone

n/a

Landscaping & Tree Preservation Requirements

Not applicable

Tree Conservation

Acreeage Requirements

N/A

Transportation

Street Classification: Sharon Donna Drive – Local Street.
 Youngs Mill Road – Major Thoroughfare.

Site Access:	All access(s) must be designed and constructed to the City of Greensboro standards.
Traffic Counts:	Youngs Mill Road ADT = 1,000 (NCDOT, 2011).
Trip Generation:	N/A.
Sidewalks:	Sidewalks are a requirement of the Development Ordinance. 5' sidewalk with a 5' grass strip is required along both sides of thoroughfares. 5' sidewalk with a 3' grass strip is required along one side (at a minimum, collectors may require sidewalk on both sides) of all other street types. Sidewalk does not exist along the frontage of this property.
Transit in Vicinity:	No.
Traffic Impact Study: (TIS)	No TIS required per TIS Ordinance.
Street Connectivity:	N/A.
Other:	N/A.

IMPACT ANALYSIS

Land Use Compatibility

The proposed **R-3 (Residential Single-Family 3 du/ac)** zoning would allow land uses that are compatible with the general character of the area.

Connections 2025 Comprehensive Plan Policies

The Generalized Future Land Use Map designates this location as **Moderate Residential (5-12 d.u./acre)**. The requested (**Residential Single-Family 3 du/ac**) zoning district is generally inconsistent with the **Moderate Residential (5-12 d.u./acre)** GFLUM designation, however per City Council adopted policy, a GFLUM amendment is not required for zoning requests that are less than one acre in size, or that do not involve a significant physical change resulting in new or expanded structures. The Growth Strategy Map designates the subject site as being within **Growth Tier 1, Current Growth Area (2013 – 2019)**.

Connections 2025 Written Policies

Land Use Goal 4.3 – Growth at the Fringe: Provide a development framework for the fringe that guides sound, sustainable patterns of land use, limits sprawl, protects rural character, evidences sound stewardship of the environment, and provides for efficient provision of public services and facilities as the City expands. Development will increase density and mix land uses at a pedestrian scale with sidewalks, bikeways, and where possible, public transit.

Policy 4F: Initiate a fringe area growth management framework comprising the following elements:

- Create a Fringe Area Land Use Plan;
- Establish a “tiered” approach that designates growth areas for staged development, annexation, and extension of public facilities within the water and sewer service boundary;
- Define specific criteria for water and sewer extensions and annexations;
- Initiate designation of the fringe as Greensboro's extraterritorial jurisdiction; and
- Establish a proactive plan to provide infrastructure in advance of development, consistent with the growth “tiers” and Fringe Area Land Use Concept Plan.

Policy 4G: Improve the quality and patterns of development through incentives and regulatory guidelines.

Policy 4C: Promote new patterns and intensities of use to increase economic competitiveness and enhance quality of life in urban areas.

Policy 4D: Identify potential opportunities and selectively target, plan and promote development/reuse initiatives.

Community Character, Goal 5.2 – Man-Made Environment: Preserve and enhance the character and visual quality of Greensboro’s built environment, including historic resources, private developments, and public landscapes.

Policy 5E: Improve the aesthetic quality of publicly owned and maintained landscapes.

Policy 5F: Implement and improve design standards governing the appearance of development from public roadways.

Housing and Neighborhoods, Goal 6: Meet the needs of present and future Greensboro citizens for a choice of decent, affordable housing in stable, livable neighborhoods that offer security, quality of life, and the necessary array of services and facilities.

Policy 6C: Promote the diversification of new housing stock to meet the needs of all citizens for suitable, affordable housing.

Economic Development, Goal 7: Promote a healthy, diversified economy with a strong tax base and opportunities for employment, entrepreneurship and for-profit and non-profit economic development for all segments of the community, including under-served areas such as East Greensboro.

Policy 7A: Target city investment and regulatory policies for economic development.

Policy 7C: Ensure that city land use policies and regulations allow for an adequate supply of land to accommodate economic development.

Transportation, Goal 8: Develop and maintain a safe, efficient, and environmentally sound transportation system that provides convenient choices for accessing destinations throughout Greensboro and the Triad, including a range of well-integrated transit, pedestrian, and bicycle linkages.

Policy 8A: Maintain a roadway network that safely and efficiently accommodates vehicular traffic while supporting other community objectives defined in the Comprehensive Plan.

Community Facilities, Services, and Infrastructure, Goal 9: Provide community facilities, services, and infrastructure in a cost-effective manner to meet citizens’ needs, contribute to quality of life, and support desired land use patterns.

Policy 9A: Proactively target infrastructure (water/sewer) extensions to support desired land use patterns.

Policy 9B: Proactively plan for the provision of sufficient capacity to meet the City’s future infrastructure needs.

Connections 2025 Map Policies

Moderate Residential (5-12 d.u./acre): This category accommodates housing types ranging from small-lot, single-family detached and attached single-family dwellings such as townhomes to moderate density, low-rise apartment dwellings.

Growth Tier 1, Current Growth Area (2013 – 2019): Where infrastructure systems are in place, can be economically provided and/or will be proactively extended and where continued annexation and consolidation of the City’s development pattern shall be encouraged over the next six years.

CONFORMITY WITH OTHER PLANS

City Plans

Sustainability Action Plan

Element 1) Transportation and Land Use:

Policy 1) Encourage increased density, a mix of land uses and more integrated links between transportation and land use through changes to Greensboro’s Comprehensive Plan, Development Ordinance and other related plans.

Element 2) Green Jobs and Buildings:

Policy 3) Develop a coordinated City program to provide technical support, energy audits and education and outreach to increase energy efficiency and conservation in commercial and

residential buildings.

Policy 4) Use a combination of code changes, incentives, partnerships and education to promote green building in Greensboro.

Policy 6) Promote more efficient use of water through education, partnerships and pilot projects.

Element 3) Waste Reduction and Recycling:

Policy 7) Employ a combination of expanded recycling infrastructure, regulations and incentives to increase Greensboro's solid waste diversion and recycling rates.

Element 6) Education and Outreach:

Policy 11) Provide technical support, awards and recognition to individuals and organizations furthering Greensboro's energy and sustainability efforts.

Other Plans

STAFF ANALYSIS AND RECOMMENDATION

Community Outreach

Applicant is strongly encouraged to discuss this proposed original zoning request with owners of surrounding properties.

Staff Analysis

This 0.527-acre subject site is currently developed with a single family dwelling that needs to connect to public infrastructure. Per the City's adopted Water-Sewer extension policy this connection results in the need to annex the property into the City of Greensboro and establish original City zoning. North, west and east of the request is zoned County-RS-20 (occupied single family dwellings). South of the request transitions to County-AG (undeveloped).

The Comprehensive Plan designates this area as Moderate Residential. This designation accommodates housing types ranging from small-lot, single family detached and attached single-family dwellings such as townhomes to moderate density, low-rise apartment dwellings. Because this request is less than one acre in size and will not result in the new or expanded buildings it is considered compatible with this future land use classification.

This original zoning request is accompanied by a voluntary annexation petition. The R-3 district is the least intense residential zoning district within the City of Greensboro and is the closest comparable zoning district to the current County RS-20 and County-AG districts that adjoin this site.

This R-3 original zoning request is consistent with the land uses established in close proximity and the list of potential uses allowed in the R-3 zoning district is compatible with existing adjacent development. Approving this request will address the Comprehensive Plan's Housing and Neighborhoods goal to meet the needs of present and future Greensboro for a choice of decent, affordable housing in stable, livable neighborhoods that offer security, quality of life, and the necessary array of services and facilities. It also provides a development framework for the fringe that guides sound, sustainable patterns of land use, limits sprawl, protects rural character, evidences sound stewardship of the environment, and provides for the efficient provision of public services and facilities as the City expands.

This request is consistent with the intent and purpose of the zoning code, the Comprehensive Plan (Connections 2025) and is generally compatible with the existing development and trend in the surrounding area.

Staff Recommendation

Staff recommends **approval** of the requested **City-R-3** (Residential Single-Family) zoning district.
