IMPACT ANALYSIS

Land Use Compatibility

The proposed **CB (Central Business)** zoning request would allow land uses that are compatible with the general character of the area.

Connections 2025 Comprehensive Plan Policies

The Generalized Future Land Use Map designates this location as **Mixed Use Central Business District**. The requested **CB (Central Business)** zoning district is generally consistent with the **Mixed Use Central Business District** GFLUM designation. The Growth Strategy Map designates the subject site as being within the Downtown Activity Center. The Growth Strategy Map also designates the subject site as being within the Downtown Reinvestment Area.

Connections 2025 Written Policies

Land Use Goal 4.1 – Growth Strategy: Promote sound investment in Greensboro's urban areas, including Center City, commercial and industrial areas, and neighborhoods.

Policy 4A: Remove present impediments to infill and investment in urban areas.

Policy 4B: Target capital investments to leverage private investment in urban areas.

Policy 4C: Promote new patterns and intensities of use to increase economic competitiveness and enhance quality of life in urban areas.

Policy 4D: Identify potential opportunities and selectively target, plan and promote development/reuse initiatives.

Land Use Goal 4.2 - Downtown: Promote reinvestment, preservation, diversification, and selective intensification of activity in Downtown Greensboro, to reinforce its importance as the economic, cultural and civic center of the City while protecting its heritage and historic resources and

enhancing its urban character.

Policy 4E: Promote diversification and intensification of Downtown Greensboro.

Community Character, Goal 5.2 – Man-Made Environment: Preserve and enhance the character and visual quality of Greensboro's built environment, including historic resources, private developments, and public landscapes.

Policy 5E: Improve the aesthetic quality of publicly owned and maintained landscapes.

Policy 5F: Implement and improve design standards governing the appearance of development from public roadways.

Housing and Neighborhoods, Goal 6: Meet the needs of present and future Greensboro citizens for a choice of decent, affordable housing in stable, livable neighborhoods that offer security, quality of life, and the necessary array of services and facilities.

Policy 6C: Promote the diversification of new housing stock to meet the needs of all citizens for suitable, affordable housing.

Economic Development, Goal 7: Promote a healthy, diversified economy with a strong tax base and opportunities for employment, entrepreneurship and for-profit and non-profit economic development for all segments of the community, including under-served areas such as East Greensboro.

Policy 7A: Target city investment and regulatory policies for economic development.

Policy 7C: Ensure that city land use policies and regulations allow for an adequate supply of land to accommodate economic development.

Transportation, Goal 8: Develop and maintain a safe, efficient, and environmentally sound transportation system that provides convenient choices for accessing destinations throughout Greensboro and the Triad, including a range of well-integrated transit, pedestrian, and bicycle linkages.

Policy 8A: Maintain a roadway network that safely and efficiently accommodates vehicular traffic while supporting other community objectives defined in the Comprehensive Plan.

Connections 2025 Map Policies

Mixed Use Central Business District: This designation applies only in and around Downtown Greensboro. It emphasizes the urban character and the mix and intensity of activities uniquely suited to the central city. This designation is intended to permit a true mix of all uses, except heavy industrial, at the highest levels of scale and density within the City and with unique development standards tailored to the urban character of Downtown. It is particularly important to move the Downtown towards becoming a center of activity not only in the day, but also at night and during weekends, by promoting a mix of commercial, entertainment, residential, and other uses (see policies and narrative in Section 4.5.2). To help achieve this goal, creative forms of housing, such as lofts within restored historic structures and residential units in the often unoccupied second stories above ground-level retail, should be encouraged.

Reinvestment Area: Reinvestment Areas and Corridors represent priority opportunities for combined public and private sector reinvestment and the application of policies described in Section 4.5.1 (Reinvestment/Infill). More specifically, Reinvestment Areas are neighborhoods and districts within Greensboro's urban areas that would most benefit from actions to promote compatible infill development and other forms of investment and reinvestment.

Activity Center: Activity Centers are existing or anticipated future concentrations of uses that function as destinations or hubs of activity for the surrounding area. Typically located in areas of mixed use shown on the Generalized Future Land Use Map, such centers are intended to include features such as a mix of higher intensity uses (housing, retail, office, etc.), compact development patterns, and pedestrian and transit linkages. A one-half mile radius (considered the limit of a comfortable walk) is shown around each activity center except for the Downtown, which functions as an activity center for the entire City. It should be noted that the locations shown on the Generalized Future Land Use Map are conceptual and do not preclude the development of Activity Centers in other

locations where they would support the goals and policies of the Comprehensive Plan.

CONFORMITY WITH OTHER PLANS

City Plans

Sustainability Action Plan

Element 1) Transportation and Land Use:

Policy 1) Encourage increased density, a mix of land uses and more integrated links between transportation and land use through changes to Greensboro's Comprehensive Plan, Development Ordinance and other related plans.

Element 2) Green Jobs and Buildings:

Policy 3) Develop a coordinated City program to provide technical support, energy audits and education and outreach to increase energy efficiency and conservation in commercial and residential buildings.

Policy 4) Use a combination of code changes, incentives, partnerships and education to promote green building in Greensboro.

Policy 6) Promote more efficient use of water through education, partnerships and pilot projects.

Element 3) Waste Reduction and Recycling:

Policy 7) Employ a combination of expanded recycling infrastructure, regulations and incentives to increase Greensboro's solid waste diversion and recycling rates.

Element 6) Education and Outreach:

Policy 11) Provide technical support, awards and recognition to individuals and organizations furthering Greensboro's energy and sustainability efforts.

Redevelopment Plan – Downtown Development Area

General Objectives:

- 1) To make downtown the regional center for retailing, financial, service, office, governmental and cultural activities through:
 - a) judicious public investment in essential improvements;
 - b) proper control of land use and development, both in and out of the downtown; and
 - c) encouragement and technical assistance to those property owners and developers wishing to construct new buildings or rehabilitate their properties.
- 2) To group functions conveniently for those who will use them, and to mix these uses to provide interest, convenience, and liveliness.
- 3) To make the downtown more compact and efficiently utilized through zoning and land use controls.
- 4) To provide a complete and effective transportation system, including:
 - a) access to and from all parts of the city;
 - b) adequate and conveniently located parking facilities;
 - c) separation of pedestrian and vehicular traffic; and
 - d) internal circulation through an effective public transit system.
- 5) To attract increased residential population to the downtown by effective zoning and creation of an attractive environment for conveniently located housing.
- 6) To increase the use of downtown as an institutional and cultural center in order to attract a nighttime population.
- 7) To provide an environment which is practical, convenient and beautiful.
- 9) To provide parks and green spaces to complement the urbane with the natural.
- 13) To create a downtown which is economically viable and visually satisfying.

Redevelopment Objectives:

- 3) The removal of impediments to appropriate development according to sound principles of planning and zoning as expressed in the "General Land Uses".
- 4) The achievement of attractive, functional facilities through extensive application of rehabilitation to structurally sound buildings.

- 5) The achievement of good design through coordination of rehabilitation efforts with new construction and the provision of public amenities, such as canopies, sidewalk landscaping, and street furniture.
- 6) The stabilization of property values and related tax base.

Cedar Street / Bellemeade Area Strategic Plan

- Goal #1:** Stabilize, protect, enhance and complement the existing neighborhood's character, diversity and appearance.
- Goal #2:** Encourage appropriate future development of a variety of uses (business, commercial and residential) in the neighborhood.
- Goal #4:** Create a pedestrian, bicycle, and resident friendly environment in the area that encourages walking to downtown, First Horizon Stadium, universities/colleges, and adjacent neighborhoods.

Other Plans

Downtown Area Consolidated Plan

Policy 1) Promote higher intensity, quality mixed use development in Downtown, with particular emphasis on pedestrian oriented development that includes the renovation and redevelopment of historic properties.

Strategy a) Identify and prioritize underutilized sites and strategies for redevelopment.

Strategy b) Further evaluate and address impediments to new Downtown investment.

Strategy c) Adopt/implement design overlay for Downtown.

Policy 2) Enhance transportation connections and corridors, with emphasis on linking pedestrian, bicycle, transit and roadway facilities to enhance economic investment, housing and key Downtown destinations.

Strategy a) Complete Downtown Greenway and associated links.

Strategy b) Evaluate/implement Downtown area transit circulator.

Strategy c) Expand transportation options in Downtown.

Policy 3) Develop comprehensive strategies and commitments for public capital investments and development incentive programs to encourage quality private investment.

Strategy c) Leverage Downtown Greenway for new investment.

Policy 4) Strengthen and expand connections between Downtown, adjacent neighborhoods, colleges/universities and other nearby economic drivers.

Strategy a) Remove barriers between Downtown, adjacent neighborhoods and nearby economic drivers.

Strategy b) Identify/enhance key Downtown gateways.

Strategy d) Enhance public safety and appearance between Downtown, adjacent neighborhoods and nearby economic drivers.

Strategy e) Cross promote Downtown, adjacent neighborhoods and nearby economic drivers.

Policy 5) Ensure effective implementation and administration of this plan through specified program and process enhancements, and continued engagement of key stakeholders within and around Downtown and public officials.

Strategy e) Coordinate Downtown Area Consolidated Plan recommendations with other adopted plans and studies.

STAFF ANALYSIS AND RECOMMENDATION

Community Outreach

Applicant is strongly encouraged to discuss this proposed rezoning and development with owners of surrounding properties, and with representatives of the Cedar Street / Bellemeade Area neighborhood, within which the subject site is located, and representatives of the adjacent Greensboro Downtown Residents' Association.

Based on the subject site's location within Greensboro's urban core, long term safety and accessibility for users and employees at the subject site would be greatly enhanced by provision of secure, convenient bicycle parking.

The subject site is located within the area(s) eligible for the following economic development incentive or assistance program(s):

- New Markets Tax Credits (federal), and
- Urban Development Investment Incentives (local)

Staff Analysis

This 1.32-acre subject site is currently developed with office space. East of the request, across N. Edgeworth St, is zoned CB (parking areas and New Bridge Bank ball park). North and south of the request is zoned Office (variety of office space and single family dwellings). West of the request, along N. Spring St, is zoned RM-26 (combination of single family and multifamily dwellings).

The Generalized Future Land Use Map designates this site as Mixed Use Central Business District. This designation applies only in and around Downtown Greensboro. It emphasizes the urban character and the mix and intensity of activities uniquely suited to the central city. This designation is intended to permit a true mix of all uses, except heavy industrial, at the highest levels of scale and density within the City and with unique development standards tailored to the urban character of Downtown.

The request will allow for a variety of residential and nonresidential uses to support and enhance nearby development to the south and east such as the ballpark and offices while providing an orderly transition from the residential uses to the north and west. The request is consistent with the future land use designation and is compatible with the adjacent land uses and the broader development trends for downtown. The request as submitted supports the Comprehensive Plan's Reinvestment/Infill goal to promote sound investment in Greensboro's urban areas and the Economic development goal to promote a healthy and diversified economy.

This request is consistent with the intent and purpose of the zoning code, the Comprehensive Plan (Connections 2025) and is generally compatible with the existing development trends in the area.

Staff Recommendation

Staff recommends **approval** of the requested **CB** (Central Business) zoning district.
