**IMPACT/POLICY ANALYSIS**

**Land Use Compatibility**

The proposed **CD-RM-12 (Conditional District – Residential Multifamily – 12 du/ac)** zoning, as conditioned, would allow land uses that are compatible with the general character of the area.

**Connections 2025 Comprehensive Plan Policies**

The Generalized Future Land Use Map designates this location as **Mixed Use Residential**. The requested **CD-RM-12 (Conditional District – Residential Multifamily – 12 du/ac)** zoning district, as conditioned, is generally consistent with the **Mixed Use Residential** GFLUM designation.

**Connections 2025 Written Policies**

**Land Use Goal 4.1 – Growth Strategy:** Promote sound investment in Greensboro's urban areas, including Center City, commercial and industrial areas, and neighborhoods.

- Policy 4A:** Remove present impediments to infill and investment in urban areas.
- Policy 4B:** Target capital investments to leverage private investment in urban areas.
- Policy 4C:** Promote new patterns and intensities of use to increase economic competitiveness and enhance quality of life in urban areas.
- Policy 4D:** Identify potential opportunities and selectively target, plan and promote development/reuse initiatives.

**Community Character, Goal 5.2 – Man-Made Environment:** Preserve and enhance the character and visual quality of Greensboro's built environment, including historic resources, private developments, and public landscapes.

- Policy 5E:** Improve the aesthetic quality of publicly owned and maintained landscapes.
- Policy 5F:** Implement and improve design standards governing the appearance of development from public roadways.

**Housing and Neighborhoods, Goal 6:** Meet the needs of present and future Greensboro citizens for a choice of decent, affordable housing in stable, livable neighborhoods that offer security, quality of life, and the necessary array of services and facilities.

- Policy 6C:** Promote the diversification of new housing stock to meet the needs of all citizens for suitable, affordable housing.

**Economic Development, Goal 7:** Promote a healthy, diversified economy with a strong tax base and opportunities for employment, entrepreneurship and for-profit and non-profit economic development for all segments of the community, including under-served areas such as East Greensboro.

**Policy 7A:** Target city investment and regulatory policies for economic development.

**Policy 7C:** Ensure that city land use policies and regulations allow for an adequate supply of land to accommodate economic development.

**Transportation, Goal 8:** Develop and maintain a safe, efficient, and environmentally sound transportation system that provides convenient choices for accessing destinations throughout Greensboro and the Triad, including a range of well-integrated transit, pedestrian, and bicycle linkages.

**Policy 8A:** Maintain a roadway network that safely and efficiently accommodates vehicular traffic while supporting other community objectives defined in the Comprehensive Plan.

### **Connections 2025 Map Policies**

**Mixed Use Residential:** This designation applies to neighborhoods or districts where the predominant use is residential and where substantial, compatible local-serving nonresidential uses may be introduced. Such use mixes are typically found in older, in-town neighborhoods that accommodate "corner stores" and other local services, as well as in newly developed traditional neighborhood developments (TNDs). This district is also applied in areas suited to a diverse mix of housing types and densities. Ensuring that buildings are of the appropriate scale and intensity is critical.

## **CONFORMITY WITH OTHER PLANS**

### **City Plans**

#### ***Sustainability Action Plan***

##### **Element 1) Transportation and Land Use:**

**Policy 1)** Encourage increased density, a mix of land uses and more integrated links between transportation and land use through changes to Greensboro's Comprehensive Plan, Development Ordinance and other related plans.

##### **Element 2) Green Jobs and Buildings:**

**Policy 3)** Develop a coordinated City program to provide technical support, energy audits and education and outreach to increase energy efficiency and conservation in commercial and residential buildings.

**Policy 4)** Use a combination of code changes, incentives, partnerships and education to promote green building in Greensboro.

**Policy 6)** Promote more efficient use of water through education, partnerships and pilot projects.

##### **Element 3) Waste Reduction and Recycling:**

**Policy 7)** Employ a combination of expanded recycling infrastructure, regulations and incentives to increase Greensboro's solid waste diversion and recycling rates.

##### **Element 6) Education and Outreach:**

**Policy 11)** Provide technical support, awards and recognition to individuals and organizations furthering Greensboro's energy and sustainability efforts.

**STAFF ANALYSIS AND RECOMMENDATION**

**Community Outreach**

Applicant is strongly encouraged to discuss this proposed rezoning and development with owners of surrounding properties.

**Staff Analysis**

The 1.06 acre subject site is currently vacant. Uses to the north and east of the site are townhomes (zoned CD-RM-8. Uses to the south and west along Four Farms Road are single family dwellings.

The Comprehensive Plan's Future Land Use Map currently designates this site as Mixed Use Residential. The Mixed Use Residential designation applies to neighborhoods or districts where the predominant use is residential and where substantial, compatible local-serving nonresidential uses may be introduced.

This requested CD-RM-12 zoning would continue to be limited to residential uses only and allow for a small increase in the permitted density on the site. Given the limited size of the property, development under the requested zoning would still be of a similar scale to nearby residential zoning while providing additional flexibility in developing this site.

The request does support the Comprehensive Plan's Reinvestment/Infill goal to promote sound investment in Greensboro's urban areas and the Housing and Neighborhoods goal to meet the needs of present and future Greensboro citizens for a choice of decent, affordable housing in stable, livable neighborhoods that offer security, quality of life, and the necessary array of services and facilities

This request is consistent with the intent and purpose of the zoning code, the Comprehensive Plan (Connections 2025) and is generally compatible with the existing development and trend in the surrounding area.

**Staff Recommendation**

Staff recommends **approval** of the requested **CD-RM-12** (Conditional District Residential Multifamily zoning district.
