

“What to Do in Case” Series

Greensboro Police Department

You are pulled over for a traffic stop:

- Pull over at a safe place. Roll down your window.
- Remain seated inside your vehicle with your hands on the steering wheel until the officer approaches you.
- Do not go digging around in your car/reaching around in your car for your license/registration until the officer talks with you first. Then you can tell him/ her where your license/registration is located and follow their instructions about retrieving it.
- Immediately inform the officer if you have a gun and/or concealed carry permit and location of the weapon. Don't reach for it.
- Remain calm and courteous.
