GREENSBORO POLICE DEPARTMENT

Explorers

Explore: GPD

The Police Explorer Program is a worksite-based program in which young adults learn about particular careers in which they have an interest. The Greensboro Police Department sponsors Explorer Post #241 that provides teens with the opportunities to learn about the law enforcement profession, and make informed decisions about possible future careers. Though we are proud of our profession, our goal is not to make future officers, but to mentor future leaders to be their best in whatever profession they choose.
